In the matter of Application Serial No. 86/269,713
For the Mark AIRLYFT
Published on September 30, 2014

LYFT, INC.,

Opposer,

v.

DABBLE APPS, LLC,

Applicant.

Opposition No. _____

NOTICE OF OPPOSITION

Lyft, Inc. (“Opposer”), located at 548 Market Street #68514, San Francisco, CA 94104, a corporation organized and existing under the laws of the state of Delaware, believes that it will be damaged by the issuance of a registration for the mark AIRLYFT and design (the “AIRLYFT Mark”), as applied for in Application Serial No. 86/269,713 (the “Application”) owned by Dabble Apps, LLC (“Applicant”). As grounds therefore, it is alleged that:

1. Lyft is the latest evolution in real-time, mobile based ride sharing. With 80% of car seats on the road being empty, Lyft designed a platform to provide people with a friendly, safe, and affordable transportation option that matches those who need rides with people who have cars. Lyft launched its real-time ride sharing platform in 2012, and has offered its services under the LYFT trademark (the “LYFT Mark”) since at least that date.

2. Through Lyft's ride sharing platform passengers themselves connect with fellow community members who are willing to provide passengers with a transportation alternative that is safe and sustainable. The platform allows drivers to fill their car seats, using their cars more efficiently, while allowing those who want a ride to safely get to their destination. The process reduces congestion, transportation costs, and carbon emissions. When Lyft initially launched, passengers who used Lyft's mobile platform to connect with drivers were not required to pay any fee to the driver, but were instead requested to provide the driver with a voluntary donation based on the time and distance of the trip, and the service received. Lyft's ride sharing platform described above, and Lyft's other services described in this Notice of Opposition and Lyft's trademark applications, are hereinafter referred to as the "Lyft Services."

3. Lyft has grown rapidly, and currently provides its services in over 60 U.S. cities, including but not limited to Albuquerque, Ann Arbor, Atlanta, Austin, Bakersfield, Baltimore, Boston, Charlotte, Chicago, Cincinnati, Cleveland, Colorado Springs, Corpus Christi, Dallas, Denver, Detroit, Fresno, Honolulu, Indianapolis, Inland Empire, Jacksonville, Lexington, Lincoln, Los Angeles, Louisville, Madison, Memphis, Miami, Milwaukee, Minneapolis-St. Paul, Modesto, Napa and Sonoma Counties, Nashville, New Haven and Fairfield County, New Jersey, New York City, Oklahoma City, Omaha, Orange County, Orlando, Phoenix, Pittsburgh, Providence, Raleigh-Durham, Sacramento, Salt Lake City, San Antonio, San Diego, Santa Barbara, San Francisco, Seattle, Silicon Valley, Spokane, Stockton, Tampa, Toledo, Tucson, Tulsa, Virginia Beach, and Washington D.C.

4. Lyft's Services have been the subject of numerous national and local press articles, including Wired, Bloomberg West, Mashable, CNET, USA Today, Fox Business, the Los Angeles Times, the Today Show, Ad Age and The Economist.

5. As a result of Lyft's use of the LYFT Mark, its widespread success, and the resultant media coverage, Lyft owns commonlaw rights to its LYFT Mark.

6. Lyft has applied for seven trademark registrations with the United States Patent and Trademark Office ("USPTO") for the mark LYFT and designs that incorporate LYFT:

Applicant and Its Pending Application

7. Applicant seeks to register the word and design mark AIRLYFT in connection with air transportation in International Class 39.¹ Applicant operates a business under the name “AirLyft.” Upon information and belief, Applicant selected the AIRLYFT Mark with knowledge of Opposer’s LYFT Mark and with the intent to lead consumers to believe that Opposer is the source or sponsor of Applicant’s services.

8. Applicant’s services offered under AIRLYFT overlap with and/or mimic the Lyft Services in a number of ways. Applicant’s website, www.airlyft.com, describes the services offered under the AIRLYFT Mark as “pair[ing] private pilots who have extra seats with friends of other pilots who want to hitch a ride.” According to the www.airlyft.com website, AirLyft members can book rides on private aircraft with seats that would otherwise go empty by downloading a mobile application and searching for available seats. On information and belief, once a flight is completed, the user is then asked for a donation, which can be adjusted by the passenger.

9. The similarities between AirLyft’s service and the Lyft Services are further highlighted by Applicant’s tagline, which appears immediately under the AirLyft logo: “imagine carpooling in the skies . . .” Applicant has also used the LYFT Mark as a hashtag on social media sites (“#lyft”) as well as the hashtag “#uberoftheskies.” And large portions of the AirLyft terms of service have been directly copied from Opposer’s terms of service.

10. Applicant’s use of the confusingly similar AIRLYFT Mark in connection with a service that is highly similar to the Lyft Services is likely to cause consumers to believe that Applicant’s services are provided by Opposer, or that Opposer has sponsored or approved of Applicant’s services.

¹ Applicant has also applied to register the word mark AIRLYFT for use with air transportation in International Class 39 (Serial No. 86/256,931). This application has not yet been published for opposition.

11. On October 10, 2014, Opposer sent Applicant a letter demanding that Applicant abandon the AIRLYFT Application and cease use of the AIRLYFT Mark. Applicant has not responded to this letter or withdrawn the AIRLYFT Application, necessitating this Opposition.

Ground for Opposition: Likelihood of Confusion

12. The mark AIRLYFT is substantially similar to Opposer's LYFT Mark, and incorporates Opposer's LYFT Mark in its entirety.

13. The high degree of similarity between Opposer's LYFT Mark and Applicant's AIRLYFT Mark and the use and planned use of the respective marks is likely to cause confusion, mistake, or deception as to the source, origin, sponsorship or approval of Applicant's services, and is likely to suggest an affiliation, connection or association between Opposer and Applicant and their respective services.

14. Registration of the mark depicted in the Application will injure Opposer by causing the public to be confused or misled into believing that the services provided by Applicant are endorsed or sponsored by Opposer. Opposer has no control over the nature and quality of the services offered or to be offered by Applicant under the AIRLYFT Mark, and Opposer's reputation and goodwill will be damaged and the value of the LYFT Mark jeopardized, all to Opposer's detriment. Any defect, objection or fault found with Applicant's services marketed under the AIRLYFT name would necessarily reflect upon and injure the reputation that Opposer has established in connection with the LYFT Mark.

15. Registration of the mark herein opposed will damage Opposer because Applicant's mark is likely, when used on or in connection with the services described in the AIRLYFT Application, to cause confusion, or to cause mistake or to deceive. Thus Applicant's AIRLYFT Mark is unregistrable under 15 U.S.C. §§1052 and 1125, and should be refused registration.

WHEREFORE, Opposer prays that this Opposition be sustained, and that Application Serial No.86/269,713 be refused.

Respectfully submitted,

Date: January 28, 2015
